

SOUTHERN MAINE BEACH PROFILE MONITORING PROGRAM 2007 Monitoring Schedule

Please note:

- The times listed are approximated low tides. Depending on how long it takes your team to profile all the lines on your beach, you will probably want to begin profiling 1/2 to 1 hour prior to low tide.
- The dates and times listed below are recommendations; please adapt the schedule as your team finds necessary. While our goal is to have profiling conducted during some of the lowest tides of the month, this is sometimes not possible. Dates recommended are chosen to accommodate working schedules, daylight hours, holidays, etc. In 2007, low tides at the right time were hard to find and you'll sometimes notice that the tides selected are not the lowest available. Out of necessity, there are also a couple of early mornings recommended.
- If you find that your team will not be able to profile during the recommended time period, please try to select a date close to those recommended (for example, the Thursday before or the Monday after the recommended dates). It is fine if your team will need to profile later than the recommended dates because that data is better than no data. But please let me know if this will need to happen (646-1555 x115 or kristen.whiting-grant@maine.edu)
- And as always, thank you for your dedication to the program.

JAN	Fri 26 11:15 AM	Sat 27 12:15 PM	Sun 28 1:15 PM
FEB	Fri 23 9:30 AM	Sat 24 10:45 AM	Sun 25 12:00 PM
MARCH	Fri 23 9:15 AM	Sat 24 10:15 AM	Sun 25 11:15 AM
APRIL	Fri 20 8:15 AM	Sat 21 9:15 AM	Sun 22 10:00 AM
MAY	Fri 18 7:15 AM	Sat 19 8:00 AM	Sun 20 9:00 PM

JUNE	Fri 22 11:45 AM	Sat 23 12:30 PM	Sun 24 1:30 PM
JULY	Fri 27 4:00 PM	Sat 28 4:45 PM	Sun 29 5:30 PM
AUG	Fri 24 2:30 PM	Sat 25 3:30 PM	Sun 26 4:15 PM
SEPT	Fri 28 7:00 AM	Sat 29 7:30 AM	Sun 30 8:15 AM
OCT	Fri 19 11:30 AM	Sat 20 12:15 PM	Sun 21 1:00 PM
NOV	Fri 16 9:00 AM	Sat 17 10:00 AM	Sun (Veterans' Day 11/13) 18 11:00 AM
DEC	Fri 28 8:00 AM	Sat 29 9:00 AM	Sun 30 10:00 AM
